

Academy of Medicine of Cincinnati Member Benefit From an Academy Preferred Vendor

Windstream Communications for telecommunications and data services

The Academy of Medicine of Cincinnati and Windstream Communications have partnered to provide Academy members with advanced voice, data, Internet, and business communications tools. The Academy believes that this partnership offers added value to its members in the area of telecommunications and data service through Windstream's special terms for Academy members. Windstream will evaluate your current voice, data, and Internet services and help determine cost effective solutions to meet your business needs.

About Windstream

At Windstream, we know your business is like no other. You aren't just a number, and we won't treat you like one. You'll experience using industry-leading technology, having your own personal Account Manager, interacting with outstanding customer service, and most of all, together, we'll focus on improving your communications solution.

Solution Provider

Our solutions begin with you in mind. We start by listening. How can Windstream help you solve business problems? How can we make communications easy so you can focus on your business?

Through enhanced voice, data, and security solutions such as:

- Voice over Internet Protocol (VoIP) services
- MPLS Networking Services (for businesses with multiple locations)
- Local Service
- Long Distance
- Internet Access
- Data Services
- Security Services
- Every enhanced service you'll ever need!

Behind the scenes, our network makes it all happen. With partners like Cisco and Alcatel-Lucent, we've invested millions to build a network that's unmatched. You won't see it, but you'll feel its power every time you jump online or pick up the phone. In fact, Windstream is a Cisco Powered Network. Only 10% of Internet Service Providers have earned this distinction!

At Windstream, we make staying connected simple and easy. That's what being a Solution Provider is all about!
