

• 2018–2019 Academy of Medicine of Cincinnati Candidate Information Sheet •

CANDIDATE FOR PRESIDENT-ELECT

MATTHEW E. HARDIN, MD

Wright State University School of Medicine, 1996 • Internal Medicine/Pediatrics
Years in Practice – 18

Past/Present Activities

Academy of Medicine of Cincinnati – Secretary, Councilor; Educational Programs and Physician Wellness committees; **University of Cincinnati** – Internal Medicine Core Curriculum Counsel, Executive Health Program Design; **West Chester Hospital** – Past Director of Department of Medicine; **Goals for Academy** – The Academy has undergone a renaissance recently with fiscal responsibility and long term planning. The focus has shifted to physician wellness and support. I hope to enhance this role of the Academy with increased advocacy for area physicians and opportunities for increased collaboration across healthcare systems. My plan would be to achieve these goals through forming a consistent means for physicians to obtain this support and advocacy, simply and seamlessly. I also hope to continue to increase membership through educational and social events to help further the Academy's standing.

CANDIDATES FOR COUNCILOR

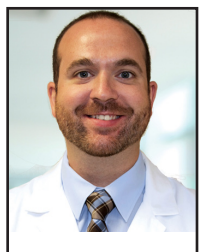

BECKY S. MCGILLIGAN, MD

Florida State College of Medicine, 2009 • Internal Medicine-Direct Primary Care
Years in Practice – 6

Past/Present Activities

The Christ Hospital – Chief Resident, 2012

CHRISTOPHER M. PAPRZYCKI, MD

University of Toledo College of Medicine, 2012 • Vascular Surgery • Years in Practice – 1

Past/Present Activities

Academy of Medicine of Cincinnati – Resident Advisory Member to the Council; **Ohio State Medical Association** – Student and Resident Sections; **American Medical Association** – Student Section; **Academy of Medicine of Toledo and Lucas County** – Councilor; **Goals for Academy** – A top priority should be to remain relevant to physicians, both employed and private practice, by creating a streamlined manner in which to respond to physician concerns and needs. This includes improving social media presence, communication, and education, and allows the Academy to be more proactive, instead of reactive, in an ever-growing information age.

FLORENCE ROTHENBERG, MD

University of Texas Southwestern, 1991 • Cardiology • Years in Practice – 16

Past/Present Activities

American Federation of Medical Research – President, Midwest Chair; **Ohio Chapter American College of Radiology** – Trustee; **Veterans Administration Medical Center** – Wellness Champion; **Goals for Academy** – Wellness and burnout are professional and personal commitments for me. We must advocate for ourselves and each other. Kindness can no longer be seen as a weakness - it is a necessity, now more than ever. A campaign like "Be Strong - Be Kind" would be powerful.

Please note: Background information provided by candidates to date.
