

RANGE  
ROVER

2/01/2017

Academy of Medicine of Cincinnati  
7265 Kenwood Road  
Suite 315  
Cincinnati, OH 45236

Globally, the Jaguar and Land Rover brands have always had the honor of providing doctors with luxurious and capable vehicles for the last several decades. If it weren't for our loyal physicians we would have never been able to sustain the world's financial ups and downs. We too have been the benefactors of this loyalty on a local level as well.

We welcome the opportunity to partner with the Academy of Medicine of Cincinnati and would like to offer an exclusive pricing program to all of your members. Upon presentation of the Academy membership credentials, we will extend to that individual, on any and all of our new vehicles, Jaguar or Land Rover/Range Rover products, the pricing structure of 4% over invoice. It is our hope and intention that this one price strategy makes things much more transparent for your members.

We have appointed one of our sales guides as the first point of contact, his name is Jeff Mattox and he had been in the medical device sales industry in greater Cincinnati for two decades before joining our team. His contact information is (513)792-1804 or email [jmattox@cincyjlr.com](mailto:jmattox@cincyjlr.com). Some of your doctors may already be customers of ours and they can, of course, continue to deal with their sales guide here at our dealership.

Thank you for the chance to align ourselves with the Academy of Medicine of Cincinnati, we are excited about to engage and grow our portfolio with such fine and well respected members of our community. Please feel free to contact me directly with any questions.

Best Regards,

Rich Allen  
Vice President and General Manager
